

PROFESSIONAL SOLUTIONS

# TIGER

## SURFACE CLEANSER AND SANITISER

Contains: Quaternary Ammonium Compounds 30.0 g/L  
Alkaline Salts 32.5 g/L

Tiger is a powerful cationic cleanser with added orange oil specifically developed to clean and sanitise hard surface areas. Tiger rapidly penetrates the toughest soils, breaking the bond with the surface to prevent any soil re-deposition. The strong quaternary sanitiser present enables Tiger (at a breakdown of 1:50 with water), to be classified as a commercial grade disinfectant under option "C" of the T.G.A. disinfectant test.

Tiger can be used on any area where cleanliness and germ control are required eg:

Kitchen Floors  
Coldrooms  
Bathrooms  
Cabinets

Walls  
Benchtops  
Stoves

### Tiger Surface Cleaner and Sanitiser:

- ✓ Cleans
- ✓ Disinfects
- ✓ Deodorises
- ✓ Phosphate free
- ✓ Loaded with natural aromatic oil of orange
- ✓ Concentrated - Value for money
- ✓ Caustic Free

# Tiger Surface Cleanser and Sanitiser

## LOADED WITH NATURAL AROMATIC ORANGE OIL

### Directions for Use:

Use as a floor mopping solution or as a surface cleaner/disinfectant. Simply apply diluted solution directly to the area which requires cleaning and disinfecting. Applications may be by sponge, mop or spray. Dilutions may be prepared in either hot or cold water.

#### *As a disinfectant:*

Dilute up to 1:50 with clean water (20 mL per litre).

#### *As a general purpose cleanser and deodorant:*

Dilute up to 1:100 with clean water (10mL per litre).

#### *To clean greasy floors:*

Apply 1:5 dilution (200 mL per litre) brush, leave 10-15 minutes. Repeat brushing and hose off with water or rinse off using mop.

#### *Cleaning and Sanitising:*

Dilute 1:75 with clean water (15mL per 1 Litre water). Leave solution on as a non-rinse sanitiser or rinse with potable water.
