- » Heavy duty steam & vacuum hose
- » 10L HEPA vacuum filtration
- » 19 piece accessory kit
- » Professional vacuum with mounting bracket

The best featured light industrial steam cleaner available

The Jupiter SD steam cleaner is a compact but powerful steam machine. It boasts a huge 9 Bar steam pressure, giving high quality dry saturated steam and capable of maintaining a stable high working pressure. It incorporates large water and detergent tank capacities allowing for extended cleaning times for larger cleaning jobs.

The Jupiter uses high temperature dry saturated steam produced at over 175 degrees and features detergent injection for hard to remove dirt and stains. With a moisture content of only 5%, this dry saturated steam kills >99.999% of bacteria & viral agents.* This allows to deep clean below the surface and effectively lift built up dirt and grime, whilst sanitising surfaces.

Versatile unit with professional steam and vacuum kit upgrade

Professional vacuum upgrade including 19 piece steam and vacuum accessories kit. Features a 10L HEPA H13 vacuum filtration system, retaining over 99.9999% of even the smallest of particles. This kit includes a heavy duty steam & vacuum hose and industrial vacuum mounting bracket.

Ideal for a range of commercial uses

The Jupiter can clean a huge variety of everyday surfaces including floors, walls, windows, curtains, upholstery, mattresses, kitchens, bathrooms, gum removal and more. It is great for sanitising motels, hotels, commercial kitchens, schools & bakeries.

Built to last

With quality Italian construction, the Jupiter is a robust and reliable industrial unit with the power to tackle the toughest cleaning tasks in a portable and compact stainless steel frame.

Our available accessories are constructed with a makeup of 50% Fibreglass Reinforced Polymer (FRP). FRP is often used in aerospace, marine & construction industries, ensuring high durability in an industrial setting.

A tool for every cleaning job

The Jupiter is supplied with a range of attachments to cover a huge range of cleaning applications. It comes complete with a steam only kit, including floor brush, window squeegee and a detail nozzles with a range of brushes. There are a variety of optional accessories available including professional vacuum kit, steam mop kits and hose length upgrades.
