

Dip-It Plus

STAIN REMOVER FOR KITCHEN AND LAUNDRY APPLICATIONS

Dip-It Plus is a bleaching alkaline presoak. It fits perfectly in both kitchen and laundry applications requiring an effective removal of stain on tableware and fabrics. Its enzyme built-in formula removes protein soils easily. Its safe bleach ingredient wipes off stain and restores natural white, eliminating yellowing and graying from fabrics. Used in the kitchen environment, it removes stains and obstinate dirt on porcelain, plastic, and metal dishes without causing any damage.

- ▲ **CLEANER** –Effectively removes tannin build-up and stains form tableware and linen,
- ▲ **SAFER** –No chlorine nor Perborate content for a safer staff, metal safe,
- ▲ **HEALTHIER** –Non phosphate formula for a healthier environment.

USE INSTRUCTIONS LAUNDRY APPLICATION

Fabrics pre-soak:

1. Wear your PPE (goggles and gloves),
2. Prepare a 10 g/l solution of DIP IT PLUS in hot water (50-60°C),
3. Immerse stained fabrics in the solution and allow to soak approximately 3 hours,
4. Rinse fabrics thoroughly with water after soaking.

If treated fabrics directly or indirectly comes in contact of edible products, a thorough rinse with potable water must follow the laundering process. DIP IT PLUS is safe on coloured fabrics but not suitable for silk or woolen fabrics.

USE INSTRUCTIONS KITCHEN APPLICATIONS

Tableware pre-soak:

1. Wear your PPE (goggles and gloves),
2. Dissolve 50 g of product (one measure) in 5 litres of hot water (50-60°C),
3. Immerse stained tableware in the DIP IT PLUS solution, soak until stain disappear,
4. Wash and rinse thoroughly with water or the dishwasher.

For de-staining coffee urns:

1. Prepare solution as above,
2. Fill urn/coffee pot/vacuum container with solution,
3. Allow solution to stand until stain disappear or is softer,
4. Wash and rinse thoroughly with water.

DIP-IT PLUS is suitable for use with soft metals such as aluminium.
