## Application

### Carpet & Upholstery

1. Use NEAT – do not dilute
2. Pre-test. Apply UNBELIEVABLE in an inconspicuous area and cover with a clean white towel. Leave for 5 minutes and check the towel for colour transfer. If evidence of colour transfer, do not proceed.
3. Blot as much excess liquid as possible or remove solid soil before cleaning.
4. Using a trigger spray apply UNBELIEVABLE to the outside edge of the stain. DO NOT oversaturate carpet.
5. Work product towards the middle of the stain with a clean white towel. DO NOT spread the stain by scrubbing with a sponge.
6. Leave the product to remain on the stain for 2 minutes.
7. Using a clean, wet, white towel blot the treated area.
8. Repeat the process until no more soils come up in the towel.
9. Rinse the treated area with cold water & blot or extract.
10. Repeat above until all stain is removed.

**Note:** The majority of spills can be removed if immediate action is taken. Do not use hot water as this may set the stain and make it harder to remove.
