

PRO BLUE

FLOOR CLEANER

FOR ALL TYPES OF FLOORS

“PRO BLUE” IS A NEW GENERATION CLEANING RANGE FORMULATED WITH BIOLOGICAL ACTIVES SUCH AS PRO-ACTIVE BACTERIA AND ENZYMES DERIVED FROM BACTERIA.

PRO BLUE FLOOR CLEANER is a ‘probiotic cleaner’ - formulated with bacteria to provide enhanced cleaning power that keeps working long after you put the mop away. Quick dry and low foaming - no need to rinse.

PRO BLUE FLOOR CLEANER is highly effective and environmentally responsible. Naturally occurring microbes prevent the growth of odour-producing bacteria, helping you to manage odours and deposit build ups on floors in amenities and kitchens, and a multitude of other rooms. In kitchen and amenities,

most soil and grease accumulates in the grout and tile pores where it can't easily be cleaned. Mopping with detergent only cleans at the exposed surfaces and misses the grout and pores. Routine cleaning may not be able to remove fats, greases and oils from the tile pores, instead spreading them over surfaces.

As the grease and soil are removed from the grout, the colour of the grout will lighten, visually demonstrating **PRO BLUE FLOOR CLEANER** really is working.

PRO BLUE FLOOR CLEANER IS

- ✓ Readily biodegradable.
- ✓ Charged with pro-active bacteria.
- ✓ Keeps working long after you put the mop away.
- ✓ Eliminates odours - removes the cause of odours.
- ✓ Septic safe - designed to be used in conventional septic, waste water treatment plants, and grey water systems.
- ✓ Grey water safe - breaks down so that it is safe for the garden.
- ✓ User friendly - no corrosives.
- ✓ Non-poison, non-DG labelling.
- ✓ Phosphate free.
- ✓ Low VOC (Volatile Organic Carbon <1.0%).
- ✓ Loaded with aromatic fragrance.
- ✓ Value for money - lasts for weeks.
- ✓ Concentrated formulation.
- ✓ A unique blend of “green” surfactants, scale inhibitors, essential oils and live bacteria endospores for optimum results.

FLOOR CLEANER FOR ALL TYPES OF FLOORS

DIRECTIONS FOR USE

FLOOR WASHING

1 part **PRO BLUE FLOOR CLEANER** to 200 parts water (*50ml per 10L water in a mop bucket*). Apply with a mop – no need to rinse. Increase dose to 1 part **PRO BLUE FLOOR CLEANER** to 100 parts water (*100ml per 10L water in a mop bucket*).

FLOOR SCRUBBING MACHINES

Charge a dose of 1 part **PRO BLUE FLOOR CLEANER** to 200 parts water (*50ml per 10L water directly into tank*). No need to rinse.

BIODEGRADABILITY

The surfactants used in PRO BLUE FLOOR CLEANER are readily biodegradable according to Australian Standard AS 4351.

HEALTH & SAFETY

- NOT classified as Dangerous Goods, according to the ADG Code.
- NOT classified as a scheduled poison, according to the SUSMP.
