

PRO BLUE

MULTIPURPOSE CLEANER

FOR ALL SURFACES

“PRO BLUE” IS A NEW GENERATION CLEANING RANGE FORMULATED WITH BIOLOGICAL ACTIVES SUCH AS PRO-ACTIVE BACTERIA AND ENZYMES DERIVED FROM BACTERIA.

PRO BLUE MULTIPURPOSE CLEANER is a ‘probiotic cleaner’ - formulated with bacteria to provide enhanced cleaning power that keeps working long after you put the mop away. Quick dry and low foaming.

PRO BLUE MULTIPURPOSE CLEANER is highly effective and environmentally responsible. Naturally occurring microbes prevent the growth of odour-producing bacteria, helping you to manage odours and deposit build ups on surfaces in kitchens, lounges, and a multitude of other rooms.

In kitchen and amenities, most mould, soil and grease accumulates in the cracks and crevices, grout and

pores where it can't easily be cleaned. Wiping with detergent only cleans at the exposed surfaces and misses the cracks and pores. Routine cleaning may not be able to remove mould, fats, greases and oils from the substrate pores, instead spreading them over surfaces.

PRO BLUE MULTIPURPOSE CLEANER is harmless to all surfaces compatible with water and rinses streak free for a sparkling clean. As the mould, grease and soil are removed from the surface, the colour of the substrate will lighten, visually demonstrating **PRO BLUE MULTIPURPOSE CLEANER** really is working.

PRO BLUE MULTIPURPOSE CLEANER IS

- ✓ Readily Bio-degradable.
- ✓ Charged with pro-active bacteria.
- ✓ Charged with enzymes.
- ✓ Keeps working long after you put the cleaning cloth away.
- ✓ Eliminates odours - removes the cause of odours.
- ✓ Septic safe - designed to be used in conventional septics, waste water treatment plants, and grey water systems.
- ✓ Grey water safe - breaks down so that it is safe for the garden.
- ✓ User friendly - no corrosives.
- ✓ Non-poison, non-DG labelling.
- ✓ Phosphate free.
- ✓ Low VOC (Volatile Organic Carbon).
- ✓ Loaded with aromatic fragrance.
- ✓ Value for money - lasts for weeks.
- ✓ Concentrated formulation.
- ✓ A unique blend of “green” surfactants, scale inhibitors, enzymes and live bacteria endospores for optimum results.

REMOVE SOILS SAFELY AND NATURALLY

DIRECTIONS FOR USE

Dilute 1 part **PRO BLUE MULTIPURPOSE CLEANER** with 20 parts water (40mL **PRO BLUE MULTIPURPOSE CLEANER** plus 710mL water = 750mL ready to use spray solution). Spray this solution liberally onto surfaces. Wipe excess liquid off with a cloth. For stubborn build-ups, allow contact time and agitate with a brush before wiping with a cloth.

For best results, dispose of any prepared ready to use solutions of **PRO BLUE MULTIPURPOSE CLEANER** after 2 weeks and prepare fresh solutions.

Note: Cold or warm water only, do not use hot water.

BIODEGRADABILITY

The surfactants used in **PRO BLUE MULTIPURPOSE CLEANER** are readily biodegradable according to Australian Standard AS 4351.

HEALTH & SAFETY

- NOT classified as Dangerous Goods, according to the ADG Code.
- NOT classified as a scheduled poison, according to the SUSMP.
