

A1

AIR FRESHENER - Odour Neutraliser & Air Freshener

DESCRIPTION

Hanleys new Solution range is a break with the past and a shift towards a cleaner, greener and more cost effective future. The Solutions range has been developed using the latest cutting edge technologies sourced both in Australia and Internationally. Solutions is a response to industry demands for a simple, identifiable, safe and controllable range of cleaning products that perform to the exacting specifications placed on them by the environment and government regulators.

FEATURES AND BENEFITS

The Solutions System is a concentrated cleaning system providing cleaning products for floor, bathroom, glass, air fresheners and multi - purpose areas.

The Solutions System delivers radiant results at the lowest possible cost and provides the end user with a centralised location for storing, diluting and dispensing premium cleaners.

The Solutions System gives the end user a multiple product dispenser, greater reliability and durability and minimal space needed for installation. The Solutions System is quick and easy to install - no plumbing or backflow issues.

Quickly and accurately delivering proper dilution of product every time, eliminating manual mixing of chemicals the Solutions System fills both mop buckets and spray bottles.

DIRECTIONS FOR USE

Place 1 pump (10 mls) of A1 in bottle and fill to the 550ml line with water.

Use A1 to control malodours in toilets, hospitals, nursing homes, vet surgeries, funeral parlours, caravan parks, sewerage treatment works, restaurants, hotels, clubs, rent - a - cars, buses, schools and all public areas.

Use a test patch before spraying onto furnishings.
