

Soft Care® S.S

H34

Extra mild hand wash & sanitiser

Description

Soft Care® S.S is a mild, highly effective antibacterial hand soap. Soft Care® S.S is perfume free and has been specifically formulated for frequent hand washing to kill 99.999% germs. Soft Care® S.S is ideal for use in food processing areas.

Features

- Formulated with about 3% chlorhexidine digluconate as the main antibacterial agent.
- Contains mild surfactants to prevent excessive degreasing, cracking and dryness of the hands and skin.
- The surfactant system ensures effective removal of (greasy) soil.
- Contains high amounts of humectants and a skin conditioner, providing good skin care.
- Does not contain perfume, eliminating the risk of tainting foods.
- Dermatologically tested.

Benefits

- Kills 99.999% of germs.
- Mild on hands and skin.
- Excellent cleaning performance.
- Improves hygiene.
- Perfume free (suitable for use in food processing areas).

Application areas

- Food Service
- Hospitality
- Lodging
- Education

**Diversey**TM**Soft Care®****S.S****H34****Directions for use**

Insert cartridge of Soft Care® S.S into the dispenser.

1. Apply Soft Care® S.S to pre-wetted hands.
2. Wash with lukewarm water for at least 30 seconds.
3. Take particular attention to fingertips, the nails and webs of the fingers.
4. Rinse with lukewarm water and dry hands thoroughly.
5. Dry hands are essential in preventing cross contamination and skin irritation with respect to good hand hygiene.
