

Stokoderm® Sun Protect SPF 50+

SPF 50+ UV skin protection lotion for professional use

PRODUCT DESCRIPTION

Broad spectrum perfume-free, 4 hours water resistant SPF50+ sunscreen for professional use to protect the skin against the harmful effects of UVA and UVB rays.

WHERE TO USE

Outdoor workers exposed to UVA & UVB sun rays.

INSTRUCTIONS FOR USE

- Apply liberally and evenly to all unprotected areas of the skin 20 minutes before sun exposure. Re-apply every 2 hours or more often when sweating and after swimming or towelling.
- Always wear protective clothing, hats and eyewear when exposed to the sun.
- Avoid prolonged exposure to the sun.

Caution: Applying an insufficient amount of product reduces the protective performance. Over-exposure to the sun is a serious health threat. Even sunscreen with a high SPF does not offer full protection against UV rays and does not replace the need to use/wear appropriate personal protective equipment and clothing. Avoid excessive UV exposure. Keep babies and young children out of direct sunlight and wear protective clothing. Avoid eye contact.

FORMAT: LOTION

FEATURES	BENEFITS
High performance	Sun Protection Factor of 50+ provides very high protection against the sun's UVA and UVB rays.
Water resistant formula	4 Hours water resistant.
Pleasant to Use	Contains Vitamin E and Aloe Vera to help soothe, hydrate and moisturise the skin.
Perfume-free	No added perfume. Ideal for people who are sensitive to perfumes and prefer products which do not have perfume added.
Formulated with a low pH value (5.2-6.0)	Formulated with a low pH value to help minimize disruption from product use to the skin's acid mantle, a natural layer which acts to help support the natural bacteria balance.
